

YOUR CITY COUNCIL AT WORK

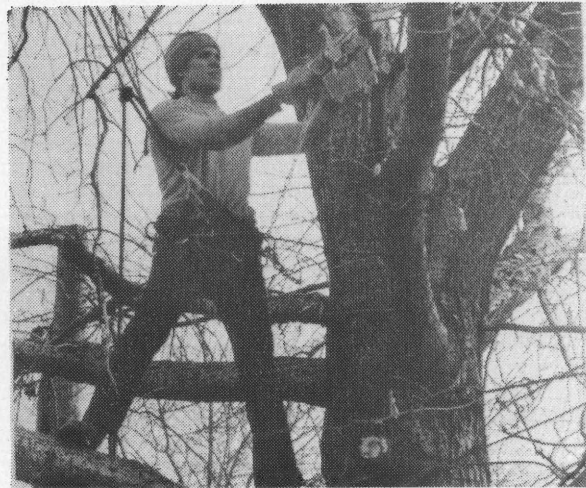

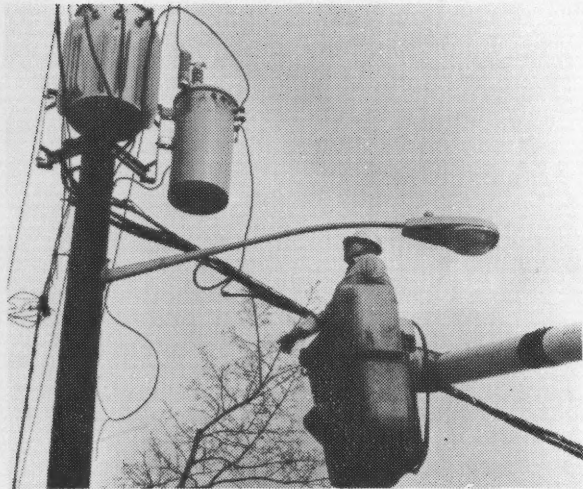

THE NEWARK CITY COUNCIL, in the past year, was responsible for funding new recreational facilities, a city-wide beautification program, and the refurbishing of many parks.

While sprucing up our city's physical image, we were able, through tight budgeting, to maintain a level of police services that would guarantee the safety and welfare of every Newark citizen.

Priority programs for the Council in the coming year include:

- tax stabilization
- more effective schools
- additional housing
- safer streets
- dog control
- stricter code enforcement
- flood containment

THE NEWARK CITY COUNCIL, will continue, as it has in the past, to explore and implement programs to aid Newark residents, with our first responsibility being to maintain and improve basic services which will enhance the quality of life in Newark.

New and better lighting has been installed throughout the city and trees are being pruned to curb the danger of falling limbs and improve the visibility of the new street lamps.
